

CarSaver Appears on the Inc. 5000, For the Second Year in a Row, Ranking No. 1633

NASHVILLE, TN, August 16, 2022 – Today, Inc. revealed that CarSaver is No. 1633 on its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. This year's rank is a 336 spot jump from CarSaver's debut on the list in 2021, with a previous rank of No. 1969. Notably, CarSaver has achieved 385% growth in a span of three years, only being founded in 2016. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses.

“We are thrilled to be included in this prestigious list for a second consecutive year, and immensely grateful for both Inc.'s continued recognition of CarSaver's growth and achievements, and the tireless work of our employees with the support of their families,” says CarSaver CEO Chad Collier. “To be among the ranks of other esteemed companies is humbling. Our hope is that we can continue to grow, and have a lasting impact among consumers.”
